## CAPABILITIES STATEMENT

### COMPANY OVERVIEW

Legacy Horizon Group LLC is a San Antonio, Texas-based service-disabled veteran-owned small business (SDVOSB) founded in 2022. We deliver integrated technical and operational solutions across IT infrastructure, data wiring, project management, logistics, and facility maintenance. With a focus on reliability and innovation, Legacy Horizon Group supports both government and private-sector clients by ensuring seamless operations from planning through execution. Our team is ready and qualified to pursue prime and subcontracting opportunities under SDVOSB and VOSB programs.

### CORE COMPETENCIES

- **Information Technology (IT) Services:** Providing IT infrastructure support, data cabling, and IT project management tailored to government and commercial clients.
- **Project Management:** Applying proven project management methodologies to ensure all projects are delivered on time, within scope, and aligned with client specifications.
- **Staffing Solutions:** Supplying skilled IT professionals and operational staff to meet short-term and long-term organizational needs.
- **General Contracting & Facility Support:** Delivering comprehensive facility maintenance, logistics, and operational management services.
- **Landscaping and Grounds Maintenance:** Providing reliable exterior property and environmental maintenance services for both government and private entities.

### DIFFERENTIATORS

- **Integrated Expertise:** Combines IT systems knowledge, data wiring, and facility management under one roof.
- **Hands-On Approach:** Not just consultants — Legacy Horizon Group executes with direct, operational involvement.
- **Process-Driven Delivery:** Emphasizes accountability, communication, and continuous improvement in every engagement.
- **Veteran-Owned Commitment:** Brings military precision, discipline, and reliability to every project.
- **Flexible and Scalable Solutions:** Capable of supporting both small projects and large, multi-site operations.

### TARGET MARKET

- Federal, state, and local government agencies
- Prime contractors and subcontractors
- Private-sector organizations seeking dependable IT and facility management services
